

Composants Graphiques Java/Swing

Programme d'exemple

Cours IHM

C. Bertelle - Université du Havre

Ecrire un programme Java qui affiche une fenêtre graphique contenant le formulaire suivant. On utilisera la bibliothèque Swing.

The image shows a Java Swing window titled "ListeFrame" with a yellow title bar. The window contains a form titled "PRE-INSCRIPTION LICENCE INFO". The form has the following elements:

- A text input field labeled "Nom :".
- Radio buttons for "Diplome :", with "Deug" selected, and options for "IUT" and "Autre".
- A dropdown menu labeled "Notes d'info :" with the value "0" and a downward arrow.
- A large text area labeled "Commentaires :".
- An "Envoi" button at the bottom center.
